EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel Bourque on March 28th, 2007.

The application has been amended as follows:

Cancel claims 2 and 10.

Please change claims 3 and 5 on line 1 as follows:

-- ice cream scoop of claim 1--

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

Reference Nos. 29a and 29b are missing for figures 1 and 2 in the specification.

On paragraph 13, reference characters "heater" and "an inlet air tube" have both been used to designate Reference No. 19.

On paragraph 13, reference character "heater" has been used to designate both Reference No. 18 and Reference No. 19.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance:

Claims 1, 3-9 are allowed.

The prior art of record fails to teach or suggest a forced hot air ice cream scoop as recited in claims 1, and 3-9. The closest prior arts either Miller (U S Patent No. 2,260,689) or Osborn (U S Patent No. 3,138,153) do not disclose the forced hot air ice cream scoop by providing the air passage way extending from the inlet of the handle portion to the ladle and back to the outlet of the handle portion, wherein the passageway is in fluid connection with the inlet and outlet; and also heater with the heating element for generating heat as recited in claim 1. Nor does there appear to be any reason in these references, or combined with any of the other prior art of record, to modify the devices to result in such a combination of features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dimple N.
